Plant-based resin (PLA) coating wallpaper derived from Natural Corn

All of GAENARI products are applied Antifungal function.

This is a safe product with no release of environmental hormones, as it uses an eco-friendly resin (PLA) derived from plant-based ingredients extracted from corn starch and is coated onto the wallpaper.

This is a functional product with an anti-mold resin layer that helps prevent mold growth.

PLA emulsion coating layer

Water-based printing layer

Antifungal resin layer

Paper layer

Process to make healthy friendly GAENARI Wallpaper

Harvest the natural corn

Harvest the healthy natural corn that grow under the sun and wind of nature.

Process the Natural corn

Fine natural corn is grounded and processed to extract starch.

PLA resin making process

Using starch extracted from natural corn (main raw material), PLA resin is made through fermentation and condensation.

PLA water emulsion

After PLA resin goes through various processes, it's processed with an aqueous emulsion coating material suitable for the coating process.

Apply to GAENARI production

Based on PLA emulsion coating optimized for the wallpaper production process and quality, after secondary processing it's applied as a surface coating material in GAENARI production.

UL GreenGuard Certification

UL GreenGuard is a representative environmental certification system recognized by the Leadership in Energy and Environmental Design (LEED) and the United States Environmental Protection Agency (EPA). Gaenari Wallpaper has passed the UL GreenGuard’s standard for 8 consecutive years in the Korean wallpaper industry.

Korea Eco-Label Environmental Product Declaration (Korea Environmental Industry & Technology Institute)

Gaenari Wallpaper’s all Collections acquired the Label after obtaining certification that it is an eco-friendly consumer goods. And low-carbon products are certified to the standard of carbon reduction rate by applying low-carbon technology while lowering the average carbon emission of the same product.

KAA Recommended Product

(Korea Atopy Association)

KAA (Korea Atopy Association) is cooperated with Korea Ministry of Health & Welfare, their goal is to use of safe products, provide the right information and support the atopic patients. Gaenari wallpaper has been recommended by KAA for its performance and efficacy against atopy.

Letter of Recommendation

CANVAS

With their downy yarns, textured faux-plains, subtle effects and jacquards, the creations radiate a subdued, refined elegance, embodying an intimate language of artisanal chic.

The matt relief shapes an experience of sophistication interwoven with sobriety, gently composing new expressions of natural authenticity.
